

INTERALPEN-MOUNTAIN HUT

Just 10
minutes' walk
from the
hotel!

In an idyllic forest setting, with wood-panelled walls, a traditional tiled stove and rustic decoration, our new Interalpen-mountain hut exudes both cosiness and rural charm and is available for our hotel guests to experience unforgettable events!

Just 500 metres to the west of the hotel the characteristics of a typical Tyrolean Alpine hut are already apparent: The facades have mature, half round timber cladding and balconies reminiscent of a traditional Tyrolean farmhouse. You can feel the mountain hut ambience from your first step inside, which can be experienced in the entire bar and restaurant area. The terrace can also be used on fine days. The view from here to the mountain peaks beyond the forest, in particular the towering Hohe Munde, forms the perfect backdrop for an aperitif or barbecue.

Typical regional specialities are served at the new event location, but the Interalpen-mountain hut is also the perfect place to host a Törggelen - an autumnal wine-tasting party, or a cosy fondue evening.

Look forward to an Interalpen-mountain hut party of the finest and enjoy a very special Tyrolean evening in our new event location! Stefanie Höllwarth and her team will be pleased to respond to your inquiry.
